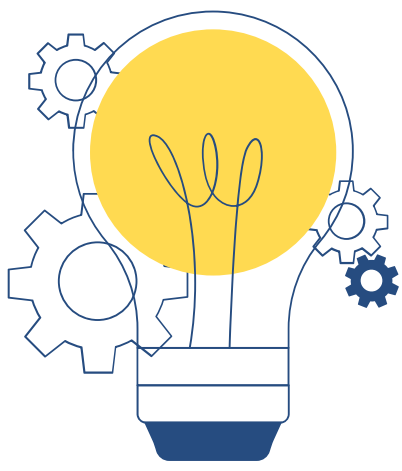
SPAIN PAVILIONS 2026: EMPOWERING STARTUPS ON THE GLOBAL STAGE

In **2026**, Spain strengthened its international presence at leading innovation and technology events through the Spain Pavilions, an initiative led by **Red.es and ICEX.**

These spaces offer startups and innovative companies **international visibility, strategic networking, and opportunities for growth.**



KEY INTERNATIONAL EVENTS FOR STARTUPS WITH GLOBAL PROJECTION

4YFN

Barcelona, Spain
March 2–5, 2026

Tech entrepreneurship and startups

Reference meeting for tech startups seeking international visibility, connection with investors, and alliances with corporations. It is held within the framework of the MWC, becoming one of the main access points to the European ecosystem.

Mobile World Congress

Barcelona, Spain
March 2–5, 2026

Connectivity and digitalization

Leading global event in technology and telecommunications. A strategic showcase to present innovative solutions, identify international collaboration opportunities, and access key players in the sector.

eMerge Americas

Miami, United States
April 23–24, 2026

USA and Latin America connection

Key tech date in South Florida connecting the North American and Latin American ecosystems. It brings together startups, corporations, funds, and public institutions, facilitating access to the U.S. market and the creation of strategic alliances with key players from both continents.

VivaTech

Paris, France
June 17–20, 2026

Innovation and large corporations

European reference meeting for open innovation. It facilitates networking between startups, large companies, and investors, boosting collaborations and growth opportunities.

Bits & Pretzels

Múnich, Germany
Sept 28–30, 2026

Entrepreneurship, innovation, and business scaling

European reference event focused on startups, innovation, and business growth, with a strong orientation toward connecting founders, established corporations, and investors. It stands out for its high presence of scaleups and direct access to the German and Central European entrepreneurial ecosystem.

Web Summit

Lisboa, Portugal
Nov 9–12, 2026

Global technology

One of the world's largest tech events. It brings together startups, investors, corporations, and international leaders, facilitating access to financing, visibility, and global trends in innovation.

Slush Helsinki

Helsinki, Finland
Nov 18–19, 2026

Deep tech e inversión early stage

Event focused on science-based technology and early-stage projects. Especially relevant for startups seeking investment, scalability, and connection with international funds.

Web Summit Qatar

Doha, Qatar
Jan 31 – Feb 3, 2027

Global technology

Edition of the Web Summit oriented to the Middle East region, an expanding market with growing interest in technology, innovation, and international investment.

How to participate?
